

Referee form for (RPEL) Direct Entry applications

Thank you for providing a reference.

Your reference will support the evidence the applicant provides to gain direct entry into a BHS assessment. It is vital that we understand if the applicant has the required skills and knowledge to enter at a specific level. Please familiarise yourself with the assessment criteria as we require evidence that the applicant has the knowledge requirements for the qualification prior to the requested entry point.

For example, if the applicant is applying for entry into BHS Stage 3, supporting evidence would need to show the required level of skill and knowledge to cover the syllabi at Stage 1 and 2.

You may only be able to provide part of this evidence. Please ensure it is clear which part/s of the assessment criteria you are providing a reference for, if necessary.

BHS assessment criteria are available on each award page at www.bhs.org.uk/pathways
