THE BHS FELLOWSHIP

SYLLABUS FOR THE EVENTING FELLOWSHIP ASSESSMENT

'A Fellow of the Society is someone to whom one can turn for advice, knowledge and expertise in all equestrian matters and is committed to the training and education of the horse and rider in all spheres of equestrianism.'

The BHS Fellowship is open to holders of The BHSI certificate aged 25 or over.

For the EVENTING FELLOWSHIP Assessment

Candidates must coach confidently to 4* with a clear idea of the pathway to develop towards Championships and team selection.

A BHS Fellow should possess the following qualities:

- Is a trainer of horses and riders who can bridge the gap between training at the grass roots level (new/novice riders, young/green horses, learner teachers) and the highest level (top competitors – horses and riders and those that coach them).
- Has an impeccable record of integrity and sets the highest standard at all times.
- Has commitment to continued development of health and safety within the equine industry.
- Makes a good ambassador for The BHS at home and overseas.
- Is loyal to The BHS, its aims, its instructors, its systems and its values.
- Is a good communicator who is able to impart knowledge with clarity and impact.
- Shows natural aptitude and empathy in their riding and coaching.
- Has a wealth of researched and trained knowledge.
- Is keen and enthusiastic to share and impart their knowledge.
- Will make valuable contributions to the work of the present Fellows and for the good of the Society as a whole.

Above all, a Fellow of The British Horse Society will work tirelessly for the good of the Horse

The BHS Eventing Fellowship is made up of two parts.

PART 1 – CURRICULUM VITAE

Fellowship candidates must present a C.V. which will be assessed as a pre-requisite to applying for the examination. This must be submitted to the Examinations Department at least 6 months before the examination date, and will be reviewed by a panel of Fellowship Assessors.

It is strongly recommended that all candidates choose a Fellow of The BHS as a mentor in order to receive advice and guidance towards preparing for this examination. Any Fellow of The BHS is able to do this, although some may decline due to other commitments/retirement. A full list of the participating Fellows is available from the Examinations Department.

The C.V. must be submitted together with the appropriate fee. It will be assessed for strengths and weaknesses. If, in the opinion of the Assessors, the C.V. shows a lack of all-round equestrian experience, the candidate will be required to undertake further work before re-submitting a revised C.V. in a future year. The fee is non-refundable. Once the C.V. has been approved, it will not be need to be submitted for re-approval as long as the Fellowship syllabus remains current, or if the syllabus is amended within this time, a minimum of 3 years from the date of submission.

Candidates will receive a written report on their submitted C.V. Qualifications and references will be checked for validity.

The C.V. should be presented under the following headings:

Personal Details:

Name:

BHS Register of Instructors membership number:

Date of birth (optional):

Address:

Telephone:

Mobile:

Business address:

Telephone:

Email:

Previous and present occupations

To include names, addresses and dates of employment.

Candidates applying for the Fellowship examination will be expected to have worked continually (excluding mitigating circumstances such as illness, disability, personal or family problems) in the equine industry for the large proportion of their working life. The equine industry is so diverse; it would be impossible to specify occupations as being acceptable or unacceptable. The Fellowship is primarily a coaching qualification so it is critical that a candidate has spent a vast majority of their working life teaching and working with horses and riders. When assessing the C.V. account will be taken of the candidates' occupations within the horse industry.

Academic qualifications

Commencing with the earliest, candidates should list in chronological order their academic qualifications. Candidates must also specify the dates and the names of the academic institutions (if at all possible) where they achieved their qualifications, this is desirable but not mandatory. Candidates should also supply information regarding any qualifications they may currently be undertaking or have recently completed.

Equestrian qualifications

Commencing with the earliest, candidates should list in chronological order their equestrian qualifications, such as Pony Club, British Horse Society, British Riding Clubs, and so on. Candidates must also specify the dates they achieved their qualifications.

Other equestrian work

Examples include Pony Club, Riding Club, freelance, team training, publications, committees, and so on. Candidates must list any relevant present or past equestrian work that will strengthen their overall C.V. for example, if they teach or train Pony Club or Riding Club teams. Candidates should also give evidence of membership of any equine committees or evidence of articles written for the equestrian press or books, videos, and so on.

Competition experience

This important section must be completed as comprehensively as possible. Candidates must show evidence that they have successfully produced horses and competed in Eventing competitions up to and including 3* level.

Candidates should list their competition experience, and give where possible details of dates, venues and placings. When assessing the C.V. account will be taken of the candidate's riding and competition experience both in the above and other varied spheres.

Teaching/coaching experience

The Fellowship is above all a coaching qualification. Candidates should give details (including names and addresses where possible) of the range of clients they have taught.

The coaching experience should not only include the training of riders but also the presentation of lectures, clinics, and stable management days. The list of clients should be of those that the candidate has coached on a regular basis and not simply casual lessons. It is critical that candidates demonstrate by their list of clients that they are experienced in coaching riders up to and including FEI 4* level Eventing.

Names and addresses of regular trainers used and study undertaken

Candidates should give details of trainers or coaches they visit for tuition on a regular basis and whether the training is on their own horse/s or on the trainer's horse/s. These trainers may be contacted to verify the above claims.

PART 2 – ASSESSMENT

THE ASSESSMENT PART OF THE FELLOWSHIP IS TAKEN OVER A MAXIMUM OF TWO DAYS.

Whilst it is desirable that candidates can fulfil all of the criteria within the individual sections, it is recognised that at this level people will have strengths and weaknesses and therefore may not perform at top level throughout the assessment.

Throughout the assessment there will be a panel of Assessors responsible for the individual sections, and also a Chief Assessor and Float Assessor who aim to see the candidates in part of each of the sections, in order to form an overview. The general performance criteria for the whole qualification are strongly taken into consideration by all of the Assessors when finalising the results, and it is therefore vital that these criteria are clearly fulfilled.

The programme will show clear timings for all sections and will show specific requirements for individual candidates from within the range in the theory section.
